Smart, compact cleaning

Want reliable, resourceful cleaning at the touch of a button? Got it! The SC25 is a versatile, clever, autonomous scrubber dryer that helps free up time and resources, optimise workforces, and ensures reliable and consistent cleaning.
Top benefits include:

- Outstanding autonomous scrubbing and drying performance, allowing for excellent cleaning with minimal interruption to the business – even in high-traffic areas
- Easy to start and create autonomous cleaning plans and maps for quick deployment and learning
- Removes inconsistencies and irregular processes to achieve the highest standard of clean
- Detergent dosing system for tackling even the heaviest dirt
- Light sweeping technology allows for the pickup of small debris, ensuring the best conditions for effective cleaning
- Safety sensors and intelligent programming allow the machine to operate safely around people during the day
